TO	: ALL RESIDENTS & COMMERCIAL PROPERTY OWNER
FROM	: INFRASTRUCTURE DEVELOPMENT
DATE	: 28 JUNE 2017
SUBJECT	: WATER USE RESTRICTION AND BUILDING UP TIME IN THE EVENING

Background

As we are operating in a water-scarce environment, our reservoirs are in a critical state. Water wells and boreholes are running dry due to droughts.

Our water restrictions measures require nothing more than resident's awareness of the important of saving water, and their full cooperation. We are confident that most residents and community member will respond positively.

We are determined that we will announce the processes that will bring transparency to our local residents. Our full list of prohibited activities will be made available. There will be loud hailing, Notices, distribution of flyers.

In terms of Section 4 of the Water Services Act 108 (No 108 of 1997) and the Water and sanitation services Ndlambe municipality By Law.

The restrictions are as follow:

- Residents are advice to use water wisely / sparingly
- Watering gardens, lawns, grassed area by means of hand-held container
- The use or operation of hosepipes is prohibited
- Washing paved areas, walls, roofs, buildings or cars with the use of pressure pipes prohibited.
- Water will be closed at night between 22:00 and 04:30
- Water only when necessary to meet landscaping needs
